

WARRINGTON DOLPHINS LONG DISTANCE SWIMMING CLUB.

ANNUAL REPORT 1983

With the season drawing to a close and the winter nights getting longer it is time to reflect on the years events. Our mileage chart this season is slightly up on last year with 789 miles both competitive and individual. In total we have 21 first places, 18 second places and 15 third places, these amazing results are slightly down on last year.

Top of the mileage chart and claiming a number of the aforementioned places is Steve Dockery with  $83\frac{3}{4}$  miles. From these he gained 12 first's, 4 second's and 1 third as well as collecting three new records along the way. Steve started off the season at the BLDSA Dinner along with Sue Johnson and completed what I believe to be a club 'first'. Steve was awarded the Swimmer of the year (1982) and Sue was awarded the Swim of the Year for her two way Windermere of 1982. Steve also defended his Title of Champion of Champions and was again awarded this honour for which he had to work extremely hard for if the Sunday weather was anything to go by.

Ian Ainsworth, now in his first season as a Senior, has only one problem which is trying to see more of Steve than his feet. Ian was placed in many of his swims and with a total of  $52\frac{1}{2}$  miles he gained 5 first's, 6 seconds, and two thirds. Leaving the Junior ranks and joining these two next year will be Paul Gwatkin with  $44\frac{1}{4}$  miles, Paul also managed a few placings along the way. Will we be taking 1st, 2nd, and 3rd places in some events next year.

Along with college and teaching practise Carole Hunt has still found time to swim  $76\frac{3}{4}$  miles and get 7 first's, 2 second's, and 5 thirds as well as a new record at Loch Earn and the Skol Championship. Helen Diver while itching to get down to the Channel spent a few hours trudging up and down Windermere in preparation. Unfortunately Helen was plucked from the water only a couple of miles from the French coast. Hard luck Helen but I'm sure this will not stop you from giving it another try. Speaking of the Channel you are probably wondering why I have not mentioned the two relay teams who went down to commemorate Mrs, 'Sunny' Anderson's fiftieth anniversary of her crossing in 1933, this is because there is a much fuller report to follow courtesy of Sue Johnson.

Newcomers Peter Axson and Harry Brooks both have alot to celebrate this season..Peter comlcted his first season with a Windermere swim in those awful conditions which if you knew Windermere you got out and if you didnt you stuck it out to the end. Peter completed  $38\frac{1}{2}$  miles which considaring he started after the begining of the season could have been much higher. Harry on the other hand was very consistant during his swims and obviously felt it his duty to fill the gap vacated by Percy Bull. This gap being known as last place.

Down in the potteries the placings have been reversed with Paul managing to beat Dilys on the mileage chart. Although this wasnot fair as Dilys spent the first few weeks of the season with her arm in plaster.

Chris Green and Maurice Ferguson (El Presidente) managed to keep only three miles between them this year with Chris completing  $68\frac{1}{2}$  miles while Maurice completed  $65\frac{1}{2}$  miles, Two newcomers to the junior ranks are Simon Ferguson (son of EP) and Joanne Keating who have both notched up their first outdoor swims this year, Simon winning the first of the season the Pickmere Handicap.

At the ASA swim this year two of our swimmers managed to win their repective age groups in the masters Chamionship, these being Frederick James 22 miles and Bill Dutton 26 miles.

Creeping up the mileage chart are Andy Sandon (rumours of a possible Windermere next year) with 14 miles, Cathy Taylor (I've just passed my test) with 10 miles and David Jones with 9 miles. David who is not content just to swim became the first (?) long distance swimmer to win the Snowdonia Run / 4 mile Lynn Padarn. Congratulations David .

Not to be left out of the news this year are two sets of parents who celebrated their silver wedding anniversary's at some point during the year. Congratulations to Frank and Joan Dockery and Tony and Eileen Johnson.

At our Annual Dinner in 1982 the Anderson Trophy was awarded to the Pickmere Boating Company for all their help and assistance they have given the club since its conception. May I thank both themselves and the staff of Warrington Baths for their help over the last twelve months.

Thanks and good luck with your swims in 1984,

Wendy James Hon. Secretary.

### CHANNEL RELAY SWIMS

Friday 26th August 1983, the Hotel Ambassador Folkstone was taken over by the Warrington Dolphins Channel Relay teams and their supporters. It had already been decided that the teams would not be swimming the following morning, Saturday, so after dinner, they relaxed, some going into the town centre to explore and others remaining in the bar. Saturday dawned, and it seemed unlikely that the swim would commence with the evening tide. However a meeting was arranged for that evening before dinner. The 6 o'clock Shipping Forecast was not too promising, but after talking to the pilots Eric Baker and John Winyard it was decided that we would start the swim in the early hours of Sunday morning.

The swimmers certainly surprized the other guests staying at the hotel, by virtually clearing the sweet table, on the night before the swim. The remainder of the evening was spent packing sandwiches, filling thermos flasks and trying to catch some sleep. At 2.00am everyone congregated in the "Reception" area, some more bleary eyed than others. Laden with sports bags, food and cameras etc., One team, David Jones, Bill Dutton, Paul Gwatkin, Andy Sandon, Dave Palmer and Trevor Symmons, had to make their way to Dover to meet their boat, whilst the other team, Carole Hunt, Chris Carter, Chris Green, Cathy Taylor, Sue Johnson and Ken Bailey, complete with golf umbrella and Alan Humphries made their way to Folkstone Harbour to meet their boat.

It was exactly 3.00am when Carole and David started swimming from Shakespeare Beach. For the first hour, about 500 yards separated them. It was only after Chris Carter had been swimming for about 15 minutes that we heard that the other team had turned back having abandoned the swim owing to the worsening conditions.

Our pilot Eric Baker, was not very optimistic about our chances, but we were determined to go on, hoping that the conditions would look better in daylight. As was said at the time, things could have been worse, it could have been raining. Dawn was beginning to break, as Cathy entered the water at 6.00am. From the swimmers point of view, first of all you were down in a deep trough looking up at the boat towering above you, a sort of fishes' view. The next time you were high up above the boat looking down on the rest of the team, a sort of birds eye view. The sea was running very high, and this created difficulty for the swimmer who was leaving the water, to get into the boat without being injured. However Chris Green solved this problem, by gallantly riding rough in the dinghy being towed by the boat, extricating swimmers from the water for transfer to the main boat. Chris must have spent most of his time when he was not swimming, being tossed about in this way. Whilst all this was going on, one of the observers spent most of his time, asleep, trying to recover from a bout of seasickness. Ken Bailey spent most of his time not swimming under his brobly. The critical part of the swim came, after 12 hours when we were still over 3 miles from France being swept towards Boulogne. The pilot announced, that unless progress was made during the next half hour, we would have to turn round. Carol took over from Ken. It had been running at force 7 for over 2 hours. Fortunately during her hour Carole made nearly 2 miles progress, and the coast was quite clear as we continued with Chris Carter for the third time round. By the time his hour had finished we were under half a mile from the shore. It was Cathy, who at 5.33pm landed at a beach close to Boulogne, and our swim was completed after 14 hours and 33 minutes. Chris Green dipped the costume Sunny Anderson had worn 50 years ago on her successful crossing, into the water, and brought a handful of pebbles from the beach.

The journey back to Folkstone is one that will be remembered, bags floated around the deck amidst ham and cheese sandwiches. The going was rough and it seemed a long three hours before we finally reached Folkstone Harbour a rather wet, bedraggled team minus one golfing umbrella. We were met by relatives and friends. Back at the hotel, after baths and changes of attire, Mrs 'Sunny' Anderson organised a celebration party which was enjoyed by all. The champagne flowed, and seemed to revitalise certain members of the team and the celebrations continued into the early hours.

On the Monday, a luncheon was organised by the Channel Swimming Association at the hotel. During which Sunny Anderson was presented with a piece of pottery in the form of a pidgeon, by Mrs. Shipton, to commemorate the fact that it had been necessary to use carrier pidgeons, to communicate Sunny Anderson's progress, during her swim.

It was a memorable weekend, and we would like to thank all those who helped in any way to commemorate Sunny's successful crossing 50 years ago. Special thanks must go to Chris Carter and Chris Green for the terrific amount of organising this venture needed.

Sue Johnson, 6 Hailsham Road, Aigburth, Liverpool.

---

### PICKMERE CHAMPIONSHIPS 1983

In looking back on this years' Pickmere Championship, I can't help thinking that we were one week too early weatherwise, for, the day we chose, 11th June unfortunately turned out to be 'pre summer'. However even though the weather was not all it should have been, the enthusiasm of the swimmers and all who had come along to give their support was far from dampened. We were once again fortunate to have a considerable list of entrants.

With 40 swimmers in the Junior Championships held in the morning, and 90 swimmers participating in the Senior Championship in the afternoon this gave us a grand total of 130 swimmers. As I have mentioned the weather was not kind to us, and brought about the usual crop of retirements, which our worthy rescue workers were quick to respond to with aid and comfort. To those unfortunates who did find it necessary to retire, hard luck! you are not the first. Come again next year we shall be there. Of the successful the following were the winners of the various events.

Junior Gents Championship

1. Francis Beardsell
2. John King
3. Paul Gwatkin
1. BS Stephen Lawson.

Junior Ladies Championship

1. Wendy Tuffy
2. Penny Smith
3. Joanne Wolfenden
1. BS Fiona Brotherton

Senior Gents Championship

1. Stephen Dockery
2. Ian Ainsworth
3. Robert Sherburn
1. BS Russell Knott
1. Vet. Eric Millican

Senior Ladies Championship

1. Karen Toole
2. Yvonne Carter
3. Sarah Hunt
1. BS Karen Simister
1. Vet. Marguerite Pike

I would like to express my thanks to all who helped out in the preparation of the lake for the championships. To those who helped out on the day. Timekeepers, commentators, turning judges, equipment steward, boat stewards, rescue boat crews, the refreshment ladies and the raffle ticket sellers. Also my thanks to the Championship Referee, to the British Red Cross, who as always were to hand when help was needed. My thanks to the Pickmere Boating Company, and a special thanks to you the swimmers, your boat crews, your mums, dads, boyfriends, girlfriends, sisters and brothers, in fact all who made it possible for you to come to Pickmere. See you next year? Championships will be held on Saturday 9th June 1984. Tony Johnson Hon. Championship Secretary.

PICKMERE CHAMPIONSHIP RESULTS 1983

JUNIOR LADIES

1. Wendy Tuffy	48.15	10. Debbie Wardle	1.06.56
2. Penny Smith	54.13	11. Hilary Clegg	1.07.03
3. Joanne Wolfenden	54.29	12. Susan Haslam	1.15.04 BS
